The July Change Cycle was completed on Saturday, 7/26/03. Following is a list of changes that were implemented to the CMS Net system:

1. Correspondence: A modification was made to the Free Text section in Send and Edit Correspondence to allow entry of up to 999 lines of free text rather than limiting the user to 7 lines of free text.
2. Correspondence Narratives: A correction was made to the Correspondence auto-narratives so that the correct narrative is generated when saving the auto-narrative for the corresponding letter.
